Sir:

Pursuant to the provisions of 37 CFR §1.56 and §1.97-§1.98, Applicants hereby submit information enclosed herewith and listed on the enclosed Forms Substitute PTO 1449 of which they are aware, which they believe may be material to the examination of this application, and in respect of which there may be a duty to disclose. This IDS is being filed simultaneously with a Request for Continued Examination under §1.114.

A list of the references is set forth on the attached Substitute Forms PTO 1449. A copy of each of the listed items is supplied herewith, except for the published U.S. patent application.

Reference 8724 is a Notice of Allowance from a related U.S. patent application that has been published. As this item is from a published patent application, Applicants believe that no copies of any documents are required to support this citation. 37 CFR §1.98. Applicants are bringing this Notice of Allowance to the attention of the Examiner pursuant to McKesson Information Solutions v. Bridge Medical, 487 F.3d 897 (Fed. Cir. 2007).

The five references listed on sheet 2 of the 1449 were brought to the attention of Applicants in conjunction with an opposition filed against a related commonly owned European patent.

Reference V148 is a witness statement declaring that the publication previously cited as V63 (Bradley Thesis) in the Information Disclosure Statement mailed to the USPTO in the instant application on March 26, 2008 actually has a public divulgation date of February 7, 1995, and not 1994 as stated in said previous IDS.

While the information and references disclosed in this Information Disclosure Statement may be "material" pursuant to 37 CFR §1.56, submission of this IDS is not intended to constitute an admission that any patent, publication, or other information referred to herein is "prior art" for this invention.

In accordance with 37 CFR §1.97(g), the filing of this Information Disclosure Statement shall not be construed to mean that a search has been made, or that no other material information as defined in 37 CFR §1.56(a) exists. It is submitted that this Information Disclosure Statement complies with 37 CFR §1.98 and MPEP § 609, and the Examiner is respectfully requested to consider the listed references.

While Applicants believe that no fee is due, the Commissioner is hereby authorized to charge our Deposit Account No. 19-3140 for any fees required in connection with the filing of this Information Disclosure Statement. This sheet is being submitted in duplicate.

Respectfully submitted,
